

SCA/WG/AS/127
24th November 2021

INFORMATION TO ALL CUSTOMERS

Because of the dramatic increase of COVID-Infections the Austrian Federal Government decided to set a full lock-down for Austria for the time from 22nd November 2021 until (inclusive) 12th December 2021.

It is foreseen that this decision will be reevaluated on 3rd December 2021.

Travel to / from Austria is still possible and there are no changes to the already established conditions for arrival/departure at airports in Austria.

In compliance with Regulation 2021/250, amending Regulation 95/93 we will consider slot-cancellations for the period of the lockdown in Austria (Monday, 22nd November 2021 until Sunday, 12th December 2021) as "Justified Non-Usage of Slots" (JNUS).

We will closely monitor the developments and will evaluate a possible extension of the general alleviation on Wednesday 1st December 2021.

This alleviation is valid for all international flights, independent of origin or destination, for the Austrian Level 3 airports Vienna and Innsbruck (Days 6 and 7 only).

Vienna, 24th November 2021
